

A daily offering to awaken your inner health

Even the most enlightened
beings can use a daily
superfood to help attain
Inner Digestive Harmony

Our skin, appearance, energy and vitality are all reflections of our inner digestive health.

Lifestream **BowelBiotics+** has been specifically developed to promote naturally healthy bowels by offering a unique combination of psyllium, prebiotics and probiotics for an effective, easy and completely natural inner awakening. Many health conditions can be traced to intestinal problems, with up to 30% of people regularly suffering digestive upsets like irregularity, bloating and wind. Did you know that sustained poor digestive health can result in middle aged people having 1-7 kilograms of undigested faecal matter trapped in their colons?

A best seller in the UK for many years, this unique superfood is NOW AVAILABLE IN AUSTRALIA

BowelBiotics+ 3-in-1 action for your bowel

Each serving of Lifestream **BowelBiotics+** delivers 600 million probiotics (or 'good' bacteria) including lactobacilli and bifidobacteria.

The prebiotics in Lifestream **BowelBiotics+** nourish these 'good' bacteria and the psyllium provides fibre to assist with elimination of waste and cleansing of the bowel.

- 100% NATURAL
- SUITABLE FOR REGULAR EVERYDAY USE
- GENTLE IN ACTION
- NO ARTIFICIAL INGREDIENTS
